

Who We Are

The Difference is Us

TRG is the leading mobile managed solutions and service provider in the data collection, mobility and barcode printing industry.

Our primary goal is to provide our customers with the greatest return on their original hardware investment. A proven track record and a refined ability to adapt services to clients' needs have propelled TRG to the forefront of the industry.

We provide our customers with choices from our premium selection of new equipment to our affordable and reliable refurbished products. We support equipment that is currently covered by manufacturers' warranties, provide complete maintenance solutions and offer custom services for new and legacy equipment. TRG provides a wide array of choices for short and long term rentals. This includes equipment for customers with seasonal business cycles.

At TRG, we honor budgetary, time and service needs. We understand that businesses cannot afford periods of downtime. We customize repair programs to keep mission critical equipment up and running.

Count on us for your data collection equipment and services. [The Difference is Us.](#)

Barcode & IT Equipment	buy, sell, rent, repair, and service all equipment
Rentals & Leasing	equipment for short and long-term projects or rent-to-own
Service & Repair	service and repair packages to meet your IT needs

TRG keeps you up and running.

➤ **BUY.** Shop our extensive inventory of new and refurbished equipment. We are one of the most reliable secondary market sources for refurbished barcode scanning products, wireless technology and barcode printing equipment in the world.

➤ **SELL.** TRG is one of the largest buyers of pre-owned barcode and data collection equipment. We will purchase your end-of-life or surplus equipment for cash.

➤ **REPAIR.** TRG offers a cost-effective alternative to manufacturers' repair services. We provide prompt onsite repairs at the most competitive rates available.

➤ **DEPLOY.** TRG takes the burden off in-house IT staff and makes deployment timely, efficient and cost effective. We have the capacity to deploy up to 40,000 mobile devices per month including barcode scanners, barcode printers, mobile computers, Apple/iOS Devices, and tablet computers.

➤ **MANAGE.** Our Mobile Managed Services is a comprehensive solution offering customers the capacity to outsource their mobile device management. Our team of experts use innovative tools to provide data and analytics of mobile hardware utilization, assisting customers with the assessment and the enhancement of their project lifecycle.

➤ **REMARKET.** TRG offers customers a variety of selling options for end-of-life equipment. In conjunction with our extensive network of customers and business partners, TRG determines the value of obsolete equipment.

Experience Matters. TRG has over a decade of experience with providing clients cost-effective, reliable data collection equipment solutions. We support every new and refurbished product with a superior warranty. Our account executives are well-versed in all manufacturers' equipment and trained to identify technological needs. In addition, our customized programs are designed to meet specific business requirements ensuring that you receive the ideal solution. We value our long-term relationships, and clients appreciate our ability to extend the longevity of their equipment.

TRG is your data collection partner. **The Difference is Us.**

Accessible, Efficient, Focused. TRG is centrally located in the Midwest with headquarters in Westlake, Ohio. Our 80,000-square-foot secure warehouse includes a 7,500-square-foot technical laboratory where all repairs are facilitated. Our **SERVICE HUB** promise ensures that all intake equipment will be shipped straight to TRG, repaired by our team of experts and quickly returned, ready for operation. Clients may also speak to our technicians at any time. We are here to assist with the process by helping companies make the best equipment decisions.

Plus, clients may monitor and manage repairs online through our **SERVICE HUB** portal. This secure site enables clients to place repair orders, view existing tickets and track progress and shipping.
